

Full Motion Desk Mount for 13" to 27" Monitors

MODEL NUMBER: DDR1327S

Mounts a monitor off the surface of your desk, table or workstation to free up valuable space. Ideal for home or office use.

Description

The VESA-compliant DDR1327S Full Motion Desk Mount Clamp attaches to your desk, table or workstation, allowing you to mount a monitor above it and free up valuable workspace. Ideal for home and office, the DDR1327S fits most flat-panel displays from 13 to 27 inches.

The swivel arm can be independently adjusted for angle and height to give you maximum flexibility in positioning your display to fit your environment and comfort level. Move the screen closer to you, or push it out of your way when not in use. A 180° swivel and -40° to +90° tilt capability minimizes glare and provides comfortable viewing from multiple angles. A 360° rotation lets you view your monitor in portrait or landscape orientation.

Durable clamp attaches to most flat surfaces up to 3.5 inches thick with a firm grip. Swivel arm supports monitors up to 20 pounds. The durable all-metal frame with soft rubber-feel finish tolerates frequent handling and blends with any décor. Mounting hardware is included. Conforms to VESA-compliant displays with any of the following mounting hole patterns: 75 x 75 mm and 100 x 100 mm.
